ABSTRACT

This document is "**bad example!**" Please compare with the "IDW Manuscript Template," and fill in the check boxes. You should fill your abstract and keywords in web-page when you submit your manuscript.

1 Introduction

Below are the bad examples of the file format, the composition, and the text contents in the manuscript.

1.1 File Format for Submission: PDF

A4-sized paper PDF file should be submitted.

1.2 Components and Column Structures

The manuscript should be composed of the following components in the order listed:

- (1) Title centered at the top of the manuscript.
- (2) Authors' name(s) centered.
- (3) Corresponding author's e-mail address centered.
- (4) Authors' affiliations and postal addresses centered and distinguished by superscript numbers (1, 2, ...).
- (5) Three to five keywords.
- (6) Main text part in two-column format.

1.3 Sectioning the Main Text Part

The main text part (6) in two-column format should be sectioned as follows in the appearing order.

- (1) **ABSTRACT** as in the above sample.
- (2) **1 Introduction**
- (3) Author defined sections like standard ones in scientific papers such as "**2 Experiment**", "**3 Results**", and "**4 Discussion**".

3 Results

3.1 Colored Figures

Colored figures such as graphical plots and photographic images will be kept as prepared in the proceedings as shown in the example of Fig. 1.

3.2 Numbering and Captions

All figures and tables must be captioned with a figure or table number, title and description.

4 Impact

Any inquiries on the camera-ready manuscript must be addressed to the IDW secretariat.

REFERENCES

- [1] Complete bibliographic information (names of "all" authors, "fully descriptive article titles") in standard format such as AIP or IEEE style, for all cited references is required. See the example below.
- [2] S. Iijima, "Toward Industrial Application of Carbon Nanotube," Proc. IDW '03, pp. 3-4 (2003).
- [3] T. Makita, "How to use air-conditioner," Digest of SID'10, pp.103-111 (2010).

(4) **X Conclusions or Summary** (X: final section number)

(5) References

The sections from (2) to (4) should be numbered in order of appearance. Subsections (and sub-subsections) could be composed as necessary, and should also be hierarchically numbered as "x.y(.z)".

1.4 Font Size and Typefaces

The font size must be 9 point or larger. Times New Roman, Helvetica, Arial, and serif fonts are recommended.

Unfavorable font

1.5 Headings and Subheadings

Major headings for top-level sections and sub-headings for subsections must be aligned to the left side of the column.

2 Experiment

This section describes the details about the text content of the manuscript.

2.1 Title of Paper

The title of your paper should be exactly the same as that is filled in the submission web page, which will be shown in the final Program. The first letter of every word should be capital except prepositions and articles.

2.1 Authors' Names

The authors' names should be written in full and center placed just below the title. The name of the presenting author must be underlined.

Incorrect chapter numbering

All two-column format

Poor resolution

Should not be 'Impact' but 'Conclusions'

1 Color figure

Each paper must be from two to four pages in length.

Multilingual
